

FIREBLAST 451, INC.
EXPORT CONTROLS STATEMENT OF COMPLIANCE

Fireblast 451, Inc., is fully compliant with EAR and ITAR.

As a material part of its Quality Assurance System, Fireblast has implemented a company-wide program for regulatory compliance including:

- Recordkeeping
- Reporting
- Screening
- Product control plans
- Vendor flow down
- Export classification matrix
- Visitor control
- Exemption rules
- Training records

Fireblast follows best practices for EAR and ITAR Compliance. Fireblast maintains compliance checklists and all official compliance guidebooks from BIS and the Department of Defense as part of its written policies and procedures for regulatory compliance .

Fireblast monitors updates in regulatory law and conducts periodic training to maintain awareness of requirements for regulatory compliance.

Fireblast gives notice to its existing vendors and customers, as well as to potential new vendors and customers, that, as a condition of doing business with Fireblast (ony other U.S. company similarly situated), they *may* be asked to provide Fireblast with material confidential information that Fireblast *may* require under some circumstances for EAR and ITAR compliance. Fireblast maintains such information in strict confidence and will disclose such information only to government authorities as required by law.

The Management of Fireblast is fully committed to EAR and ITAR compliance.
